(Attn.: Mr. LEE Wai Kwok)

Dear Sirs,

**Testing Services for Water Supply Fittings**

We are pleased to inform you that the assessment made on 14 June 2011 indicated that your laboratory is capable of performing tests on water supply fittings in compliance with the British Standards and in conformity with the Waterworks Ordinance and Regulations. As such, your laboratory will be listed as one of our Approved Testing Agents for the purpose of giving approval on water supply fittings for local use and your laboratory's name will be on the list for THREE years up to 30 June 2014.

You are reminded that should there be any change in the key personnel, testing equipment and the testing services accredited by HOKLAS as stated in your application letters ref. WSD/070311 and WSD/100311 dated 7 and 10 March 2011 respectively, you are required to inform us for reviewing the above approval of testing agents. You are also reminded that if there is any poor performance in conducting the tests or in preparing the test reports, your laboratory may be removed from the approved list.

Yours faithfully,

(CHIN Chu Sum)  
for Water Authority
